RELEVANT PROFESSIONAL EXPERIENCE

Boston Consulting Group (BCG X)

Singapore, Singapore

Project Consultant | AI & Digital Transformation

Nov 2021 - Jul 2025

- **AI product strategy and deployment** for three major telecommunications companies within a portfolio of 5+ digital and GenAI pilots; prioritized customer-service use cases, defined end-to-end workflows and led cross-functional delivery from requirements and testing through launch.
- **Product activation and regional adoption for Meta's Click-to-Messenger** across Southeast Asia and Latin America; defined adoption and conversion KPIs, developed market playbooks and partnered with Jumper.ai, Haravan, aCommerce and ZWIZ.AI to improve conversion journeys, increasing engagement by **20%** and conversion from **3% to 11%**.
- **Growth analytics and performance management** for enterprises; used SQL and Alteryx to diagnose funnel performance and built KPI dashboards in Tableau and Power BI, contributing across separate engagements to **4x customer-acquisition growth** and **54% reduction in CAC**.

Columbia Climate School | Columbia Tech Ventures & Columbia Engineering

New York, NY

Product Associate | Strategy & Deployment

May 2025 - Present

- **0-to-1** GenAI product development for cities and policymakers; conceived a decision-support product built on Columbia's Disaster Genome and led validation with NYC, Amman and UNU-MERIT, **helping secure \$200K in prototype funding**.
- **Leading MVP roadmap and prototype delivery** with Columbia Tech Ventures and Columbia Engineering, synthesizing user and partner feedback into product requirements, success metrics, sprint priorities and technical workstreams.

Outthinker Networks [HBR Article]

New York, NY

Strategic Growth & Analytics Lead (Part-time)

Nov 2021 - Feb 2025

- **0-to-1 launch** of a global strategy network; grew membership to 35 innovation leaders from Google, TikTok, Netflix, Amazon, BCG and McKinsey.
- Turned analysis of 100+ public companies and 30+ hypotheses into executive-ready frameworks, informing the strategy book *Proximity* (**acknowledged contributor**) and related research published in *Harvard Business Review*.

SELECTED PRODUCT & STRATEGY EXPERIENCE

Helka Energy Impact

New York, NY

Strategy Fellow | Market Entry

May 2026 - Jul 2026

- **Zambia market-entry strategy** for private anchor-load mini-grids; screened 10 provinces across customer demand, grid risk, O&M feasibility and deployment complexity to prioritize the top 3 entry markets.
- Site underwriting and pre-investment risk assessment; analyzed 8 energy-access ventures and **developed a five-factor scorecard** translating demand, payment, governance and operational risks into quantitative go/no-go criteria.

Columbia Business School | Oaklins DeSilva+Phillips x Accenture

New York, NY

Consultant | Enterprise AI M&A Strategy

Jan 2026 - Jun 2026

- Enterprise AI acquisition screening and market mapping; evaluated 150 targets across strategic fit, product capability, differentiation and scalability, identifying market whitespace and shortlisting 6 companies.
- Agentic AI target-evaluation framework; developed a **three-level Agentic Autonomy framework** to classify companies by decision-making and execution capability, strengthening recommendations presented to client leadership.

Cali India

Mumbai, India

Founder | Side Venture

Jan 2024 - Jun 2025

- **0-to-1 launch of a content-led fashion-discovery venture**; onboarded 30+ local brands to expand commercial visibility for homegrown labels and generated **1M+ content views**.
- Demand-led collection development with a Sri Lankan designer; used customer insights to co-create and launch an exclusive collection, driving **3x growth in monthly orders**.
