EDUCATION

Columbia University MS in Applied Analytics, GPA: 3.9/4.0	New York, NY Aug 2025 - Expected Dec 2026
University of Nottingham BA (Honours) in Economics	Nottingham, UK Sep 2017 - Aug 2020

RELEVANT PROFESSIONAL EXPERIENCE

Boston Consulting Group (BCG X) Project Consultant AI & Digital Transformation	Singapore, Singapore Nov 2021 - Jul 2025
• Ads GTM and market activation for Meta's Click-to-Messenger across Southeast Asia and Latin America; partnered with Jumper.ai, Haravan, aCommerce and ZWIZ.AI to optimize conversion journeys, increasing engagement by 20% and conversion from 3% to 11%. • Growth analytics and performance management for enterprise clients; analyzed customer and funnel data using SQL and Alteryx and built executive dashboards in Tableau and Power BI, contributing to 4x customer-acquisition growth and a 54% reduction in CAC. • Agentic AI customer-service transformation for three major telecommunications companies within a portfolio of 5+ digital and GenAI pilots; built and deployed AI agents that resolved inquiries end-to-end, leading cross-functional delivery from workflow design through testing and launch.	
Outthinker Networks [HBR Article] Strategic Growth & Analytics Lead (Part-time)	New York, NY Nov 2021 - Feb 2025
• Organizational-strategy research and thought leadership; analyzed 100+ U.S. public companies and tested 30+ hypotheses, informing the strategy book <i>Proximity</i> (acknowledged contributor) and related research published in <i>Harvard Business Review</i>. • 0-to-1 launch of a global strategy network; grew membership to 35 innovation leaders from Google, TikTok, Netflix, Amazon, BCG and McKinsey.	
Columbia Climate School Columbia Tech Ventures & Columbia Engineering AI Associate Product GTM & Partnerships	New York, NY May 2025 - Present
• 0-to-1 GenAI product development for cities and policymakers; conceived a decision-support product built on Columbia's Disaster Genome and led validation with NYC, Amman and UNU-MERIT, helping secure \$200K in prototype funding. • Leading MVP definition and prototype delivery in partnership with Columbia Tech Ventures and Columbia Engineering, translating user needs into product requirements, sprint priorities and technical workstreams.	

SELECTED STRATEGY & FOUNDER EXPERIENCE

Helka Energy Impact Strategy Fellow Market Entry	New York, NY May 2026 - Jul 2026
• Zambia market-entry strategy for private anchor-load mini-grids; screened 10 provinces across customer demand, grid risk, O&M feasibility and deployment complexity to prioritize the top 3 entry markets. • Site underwriting and pre-investment risk assessment; analyzed 8 energy-access ventures and developed a five-factor scorecard translating demand, payment, governance and operational risks into quantitative go/no-go criteria.	
Columbia Business School Oaklins DeSilva+Phillips x Accenture Consultant Enterprise AI M&A Strategy	New York, NY Jan 2026 - Jun 2026
• Enterprise AI acquisition screening and market mapping; evaluated 150 targets across strategic fit, product capability, differentiation and scalability, identifying market whitespace and shortlisting 6 companies. • Agentic AI target-evaluation framework; developed a three-level Agentic Autonomy framework to classify companies by decision-making and execution capability, strengthening recommendations presented to client leadership.	
Cali India Founder Side Venture	Mumbai, India Jan 2024 - Jun 2025
• 0-to-1 launch of a fashion-discovery venture; onboarded 30+ local brands to expand commercial visibility for homegrown labels and generated 1M+ content views. • Demand-led collection development with a Sri Lankan designer; used customer insights to co-create and launch an exclusive collection, driving 3x growth in monthly orders.
